

GRABBER™ ARCTIC

STUDDABLE WINTER TIRE FOR LARGE SUVs AND PICKUP TRUCKS

Studdable winter tire with outstanding low temperature traction in snow, ice and wet conditions that is durable, robust and comfortable for large SUVs and pickup trucks.

Enhanced Snow, Ice
& Wet Traction

Studdable
Design

DURAGEN

TECHNOLOGY

High Tech body
reinforcements
provide confident
stability under all
load conditions.

FEATURES + BENEFITS

DuraGen™: Cut and chip resistant compound, coupled with ultra-high strength steel belts and a broad, flat contour, provide confident stability, even wear and responsive handling.

Directional Tread Pattern With Centre Stability Rib: Provides efficient water evacuation and snow traction while the center rib offers straight-line stability.

Two Types of Winter Sipes: Interlocking square-shaped sipes on the inner tread and serrated sipes on the outer tread deliver exceptional grip in snow, ice and wet conditions, while offering improved durability and comfort.

Studdable: Allows optional aftermarket stud application for added ice traction.

Tread Block Reinforcement Buttress: Adds strength and stability to tread blocks, providing improved handling dynamics, wet and dry braking performance.

3-Peak Mountain Snowflake Certification: Certified for use in severe winter conditions.
